To check violations of the publisher's copyright, numerous coded listings have been included in this directory.

CALL-BOOK USED AS A MAILING LIST: Application for permission to use any part of the contents of this publication as a mailing list for any purpose whatsoever must be made to:

The Publisher
Horizons Publications, Inc.
P. O. Box 1557
Oklahoma City 1, Oklahoma

Application for and permission grant must take place prior to the use of the list. Applications must be accompanied by a certified check or money order in the amount of $100, for each call district to be used or part thereof, or $1,000 for use of the entire Call-Book, or for use of names and addresses from 10 or more call districts.

Telegraphic acceptance or rejection (and refund) of all applications will be made the same day or the next working day the application is received.

VIOLATIONS: In the event a mailing is received at a keyed (coded) address from persons or firms not receiving full prior permission to use the listing in whole or in part, the Publisher will exercise the full rights of recourse permitted under the copyright laws of the United States of America.

Every conceivable effort has been made to assure that the listings in this Call-Book are as accurate and complete as possible. Errors or omissions should be reported to the Publisher immediately. Changes of actual licensee addresses must be made through the FCC on a new form 505, whereupon the Commission will grant a new call sign to the licensee for the new address.

The Publisher cannot accept any responsibility or liability for omissions or errors. Nor can the Publisher accept any responsibility for the successful application of the principles or systems discussed. SUMMER 1963 DIRECTORY TO CITIZENS BAND CLUBS

The CB Clubs listed in this section of the Directory are assumed to be active at the time this list is prepared.

Clubs normally meet once per month in the town listed for their activities, and local CB'ers or CB dealers can usually tell you when the next meeting will be, and where it will be.

CB'ers are urged to investigate their local clubs and give it your support if at all possible, since CB Clubs form the backbone of the strength in the CB movement today.

A powerful, well regulated CB club is the best possible deterrent to misuse of the 27 megacycle Citizens Band.

Changes, corrections or additions to this listing are welcomed, and should be brought to the immediate attention of the Publisher, in time for the next (January 1964) CB Call-Book.

NATIONAL AND REGIONAL CALLING CHANNELS

The towns, cities and villages listed here include following their names one or more CB channels. The channel(s) shown is the local stand-by channel for calling. This means that mobiles going into the vicinity of the towns listed will find stand-by monitoring for calls on the channels shown. This is intended to be of service to CB'ers who plan to mobile into or through strange areas. Note please that while most towns stand-by on channels 9 or 11, all channels are used to some extent for stand-by monitoring. It is proper form, once contact has been made, to switch off of the stand-by or monitoring channel for your conversation, so that the stand-by channel can remain free for additional calls.

FCC proposed changes in Part 19 regulations (now pending) may change the status of stand-by channels. The FCC proposes (see elsewhere in this Call-Book for a complete set of the proposals) to restrict communications between units of different licensees to channels 12, 13, 14, 15 and 23.

Changes or additions in this listing should be brought to the immediate attention of the Publisher.

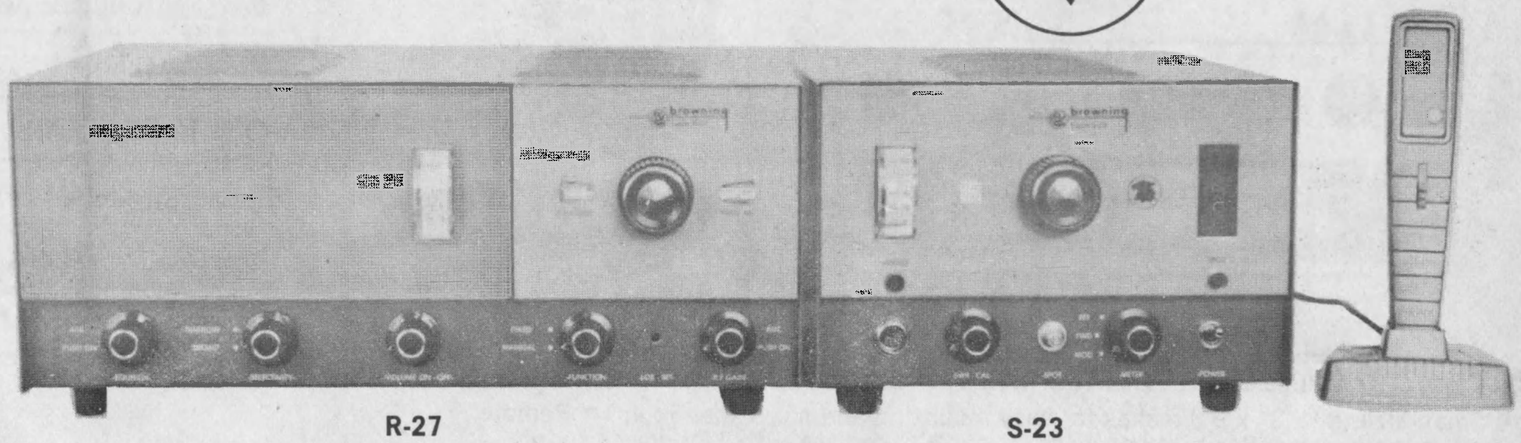
NEW *BROWNING EAGLE*

...WORLD'S FINEST CB BASE STATION **$359.00** F.O.B. LACONIA, N.H.

The Browning Eagle is the most modern base station you can buy. It has all the latest features you've been looking for — and it delivers that famous Browning base station performance. If you want the base station that's the talk of the CB airwaves, you want the new Browning Eagle . . . the undisputed mark of excellence in CB radio!



R-27 S-23

RECEIVER SPECIFICATIONS

Sensitivity: 0.2 microvolts for 10 db signal plus noise to noise ratio. (30%. Modulated signal at 1000 cps.)
Selectivity: Broad — adjacent channel 50 db down.
Narrow — adjacent channel 70 db down.
Audio Output: 4 watts.
Delayed AVC: Knee occurs between .5 and 1 microvolt.
Tuning Range: 26.965 to 27.255 mc.
Power Requirements: 115V AC 50/60 cycles at 90 watts.
Dimensions: Height 7" x width 15½" x depth 9½".
Weight: 25 pounds.

NEW FEATURES: EAGLE R-27

- Cascode nuvistor front end, less noise.
- Unique dual oscillator double converter, better selectivity.
- Choice of selectivity with broad and narrow switch.
- RF gain control, prevents overload from nearby stations.
- AVC defeat switch, increases sensitivity on distant stations.
- New, larger S-meter.
- Exclusive "channel-lock" for fixed tuned receiving, without crystals.
- 15 tuned circuits including 12 455kc. permeability-tuned I.F. coils.
- Power switch controls AC outlet on rear to turn on S-23 simultaneously.
- Plus all the other features that have made Browning famous.

Front Panel Controls: Noise limiter on-off, push-pull; squelch adjust — same knob. Selectivity switch, broad or narrow. Volume adjust, off-on switch also switches AC on rear utility socket. Function switch, manual or fixed tuning. AVC on-off, push-pull. RF gain adjust — same knob. Channel tuning — reads out in channel and frequency; S-meter.
Tubes: 2-6DS4, 2-12AT7, 3-6BA6, 1-6AL5, 1-12AX7, 1-6AQ5, 1-0B2.

TRANSMITTER SPECIFICATIONS

Plate Power Input: 5 watts.
Power Output: 3.5 watts minimum.
Modulation Capability: 100% at average speaking level. Hum and noise on carrier 50 db down from 30% modulation.
Harmonic Suppression: All harmonics and spurious emissions better than 50 db down.
Antenna Matching: Pi-network matches 50 to 75 ohm loads.
Frequency: ± .005% on each of 23 channels.
Power Requirements: 115V AC 50/60 cycle at 90 watts.
Dimensions: Height 7" x width 9¾" x depth 9½".
Weight: 20 pounds.

NEW FEATURES: EAGLE S-23, SERIES 2

- New improved circuitry.
- Rear illuminated selector dial, easier to read.
- Aircraft-type miniature crystal switch assembly with 23 crystals.
- Clipper-filter for higher average percent modulation without splatter.
- New crystal microphone.
- Spot function with tone and visual indicator.
- Larger meter reads modulation, forward and reflected power.
- Exclusive "ON THE AIR" indicator.
- New neon audio indicator.
- Plus the ability to really "get out"!

Front Panel Controls: 23-channel selector switch with rear lighted dial. Microphone connector. SWR calibrate adjust. Spot switch with neon indicator. Meter function switch. Power switch. Modulation meter. Neon audio indicator. On the air light.
Tubes: 12AX7, 12AU7, 6BQ5, 6GH8, 5763.

BROWNING **Drake** M-523
MOBILE TRANSCEIVER

OVERALL BROWNING DRAKE M-523 FEATURES

■ Small size (8" x 3" x 9") makes for easy mounting and more knee room. ■ Remote power supply allows flexibility of installation. ■ Complete with 12V power supply — Model MS-12. Power supplies for 115V AC — Model AC-115 and 6V DC — Model MS-6 also available. ■ May be used as a public address system with 4 watt audio output. ■ Rear lighted channel indicator. ■ Transmit and receive channel selected simultaneously with a flick of channel selector switch. ■ Plug-in provision for external Browning S-meter. ■ Provisions for connecting external selective calling tone squelch controls. ■ Universal mounting bracket. ■ Modern styling matches interior of all cars, boats, and other vehicles. ■ External speaker allows convenient placement under dash, outside for public address. ■ Transistorized DC power supply for high efficiency and reduced maintenance can be mounted in any location.

TRANSMITTER SPECIFICATIONS

■ Plate power input: 5 watts. ■ Power output to antenna: 3.5 watts. ■ Modulation — 100%, peak limited, plate modulation. ■ Harmonic suppression better than 50 db down through use of TVI Trap. ■ Frequency stability: .005% per FCC specifications. ■ Pi-network output coupling assures highly efficient energy transfer. ■ 23-channel operation. ■ Push-to-talk ceramic mobile microphone.

RECEIVER SPECIFICATIONS

■ Sensitivity: 0.4μV for 10 db signal to noise ratio. ■ Selectivity: 5 KC @ 6 db adjacent channel 60 db down. ■ Frequency stability: .005% per FCC specifications. ■ Audio output: 4 watts. ■ AVC action: 12 db change in audio output for 80 db signal change. ■ Image rejection: 60 db. ■ Squelch action: 6 db change of input level opens squelch to full output. Sensitive down to 0.1μV signal level. ■ Cascode RF stage for high sensitivity. ■ Crystal controlled on all 23 channels. ■ Famous Browning base station type stable squelch. ■ Fine tuning control. ■ Dual conversion with 2 crystal controlled oscillators. Assures drift-free reception. ■ Delayed automatic volume control. Assures full output from weak signals and prevents overload from strong signals. ■ Series-gated automatic noise limiter quiets harmful ignition static and other sharp noise pulses.

Also Available: Browning Drake Model 506 six-channel mobile transceiver. AC power supply available.

The Perfect Companion?

MAYBE SO . . . but this still is no substitute for the CB Radio Logbook, available exclusively from CB Horizons!

The **real CB enthusiast** deserves the very finest in professional log keeping materials. The new CB Logbook from CB Horizons is just that. Handsomely bound in a durable two-color cover, this is it! Entry lines for over 1,400 loggings or contacts. A complete 10-code. The RSFM signal reporting method.

Over 10,000 ordered to date. This is **the** guide to CB DXing, collecting DX CBL cards, and working for CB DX awards. What's more it is designed to go with the most colorful and modern CB transceiver decor. Colorful blue and cocoa hard cover, bound for easy turning of pages, to lie flat on your desk.

Just $1.50 per book, postpaid

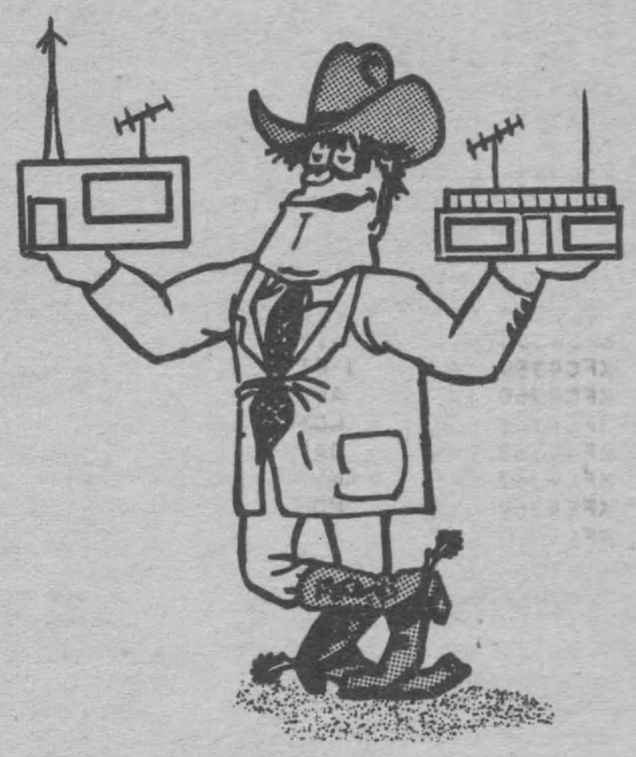
DOES CB HORIZONS SUPPORT ITS DEALERS?



YOU BET!

CB Horizons has more than 1,400 active and growing dealers handling CB Horizons every month, the CB Logbook, the CB Call-Books, CB Handbooks and other special publications from Horizons. CB Horizons has the only complete line of CB reading products in the CB field. Everything from technical materials to reference materials, monthly news to logging books. CB Horizons dealers have the opportunity to be listed free of charge in the annual August Directory issue, and in the Summer and Winter CB Call-Books. No charge, no obligation. CB Horizons dealers are always the first to know about rule changes and pending actions. CB Horizons dealers receive attractive window display banners and other traffic promoting items. All free of charge.

LOOK AT THESE TREMENDOUS BENEFITS TO YOU AS A DEALER!

* Monthly service of CB Horizons. You pay only for those copies sold. No returning of covers or un-sold books.
* Dealer bulletins on new equipment, new FCC actions, ready to hang up on the bulletin board.
* Free listings in CB Horizons or the CB Call-Books three times each year.
* Special low-low display advertising rates in CB Horizons (as low as $15.00 per issue).
* **The CB Handbook** — reference bible of the CB Radio world.
* **The CB Call-Books** — favorite of nearly 90,000 old timers and the new-comers alike.
* **CB Horizons** — the **one** monthly publication that is authoritative, informative **and** entertaining. The most popular CB publication of all.
* **The CB Logbook** — fastest seller of them all. A ready guide to CB operating codes, procedures, CB QSL card collecting and a written record of past contacts.

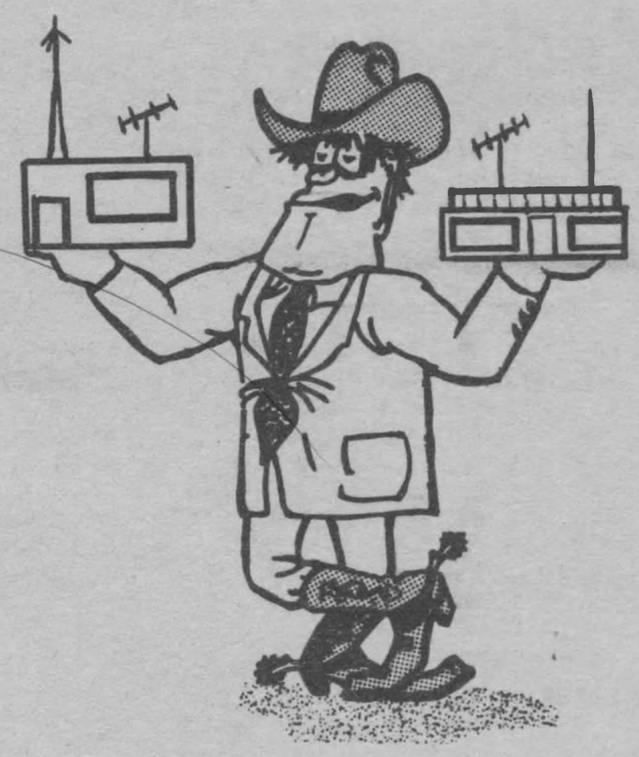
DOES CB HORIZONS SUPPORT ITS DEALERS?



YOU BET!

CB Horizons has more than 1,400 active and growing dealers handling CB Horizons every month, the CB Logbook, the CB Call-Books, CB Handbooks and other special publications from Horizons. CB Horizons has the only complete line of CB reading products in the CB field. Everything from technical materials to reference materials, monthly news to logging books. CB Horizons dealers have the opportunity to be listed free of charge in the annual August Directory issue, and in the Summer and Winter CB Call-Books. No charge, no obligation. CB Horizons dealers are always the first to know about rule changes and pending actions. CB Horizons dealers receive attractive window display banners and other traffic promoting items. All free of charge.

LOOK AT THESE TREMENDOUS BENEFITS TO YOU AS A DEALER!

* Monthly service of CB Horizons. You pay only for those copies sold. No returning of covers or un-sold books.
* Dealer bulletins on new equipment, new FCC actions, ready to hang up on the bulletin board.
* Free listings in CB Horizons or the CB Call-Books three times each year.
* Special low-low display advertising rates in CB Horizons (as low as $15.00 per issue).
* **The CB Handbook** — reference bible of the CB Radio world.
* **The CB Call-Books** — favorite of nearly 90,000 old timers and the new-comers alike.
* **CB Horizons** — the **one** monthly publication that is authoritative, informative **and** entertaining. The most popular CB publication of all.
* **The CB Logbook** — fastest seller of them all. A ready guide to CB operating codes, procedures, CB QSL card collecting and a written record of past contacts.

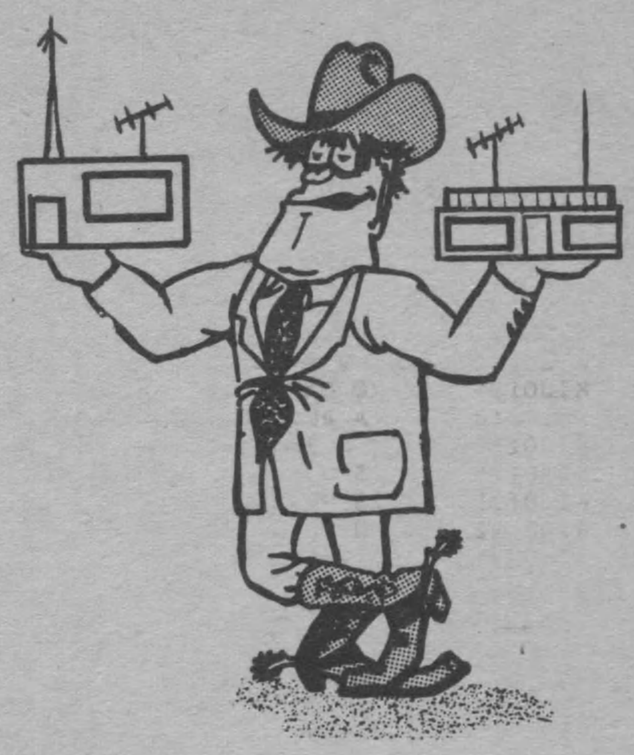
DOES CB HORIZONS SUPPORT ITS DEALERS?



YOU BET!

CB Horizons has more than 1,400 active and growing dealers handling CB Horizons every month, the CB Logbook, the CB Call-Books, CB Handbooks and other special publications from Horizons. CB Horizons has the only complete line of CB reading products in the CB field. Everything from technical materials to reference materials, monthly news to logging books. CB Horizons dealers have the opportunity to be listed free of charge in the annual August Directory issue, and in the Summer and Winter CB Call-Books. No charge, no obligation. CB Horizons dealers are always the first to know about rule changes and pending actions. CB Horizons dealers receive attractive window display banners and other traffic promoting items. All free of charge.

LOOK AT THESE TREMENDOUS BENEFITS TO YOU AS A DEALER!

* Monthly service of CB Horizons. You pay only for those copies sold. No returning of covers or un-sold books.
* Dealer bulletins on new equipment, new FCC actions, ready to hang up on the bulletin board.
* Free listings in CB Horizons or the CB Call-Books three times each year.
* Special low-low display advertising rates in CB Horizons (as low as $15.00 per issue).
* **The CB Handbook** — reference bible of the CB Radio world.
* **The CB Call-Books** — favorite of nearly 90,000 old timers and the new-comers alike.
* **CB Horizons** — the **one** monthly publication that is authoritative, informative **and** entertaining. The most popular CB publication of all.
* **The CB Logbook** — fastest seller of them all. A ready guide to CB operating codes, procedures, CB QSL card collecting and a written record of past contacts.

"FINE BUSINESS - OLD MAN!"

You don't have to know a lot about it to appreciate the difference! TRAM makes any good mobile installation the best!

The TR-70C is the mobile version of the renowned TRAM 23. Never before have so many useful features been combined in a CB unit.

A unique audio-visual spotting system affords safe, sure, eyes-on-the-road operation. When both the receiver and transmitter are on the same channel and the spot switch is "on", an audible tone is produced in the loudspeaker. At the same time the spot indicator glows and the "s" meter deflects. The spot tone varies in frequency as the receiver is tuned through the channel center frequency. The tone is distinctly higher when the receiver is tuned right-on-the-button. This high pitched tone only occurs on the desired channel, thus allowing foolproof mobile operation.

The TR-70C has twenty-three transmit and receive channels with illuminated channel dials and one external crystal receive socket so you may monitor your calling channel crystal controlled.

RECEIVER

Sensitivity - .1 uv. for 300 milliwatts of audio

Selectivity - 5 kc. @ 6 db. Adjacent channels 60 db. down

Signal to Noise Ratio - .3 uv. for 10 db.

TRANSMITTER

70% or better Transmitter efficiency provides 3.5 watts guaranteed minimum RF Output with 100% High Level Modulation.
